

POOL TECH™
MIDWEST INC

Innovate

Superior Customer Care

Pool Tech takes pride in developing long term relationships that last well beyond the sale. We measure success by the satisfaction and loyalty of our customers.

We service our aquatic systems for life, setting us apart from other builders. We have the expertise to maintain crystal clear water, no matter the pool's age.

Our dedicated, experienced technicians offer many after-sale services, including:

- **Education and consultation**
- **Equipment and accessories**
- **Water chemistry analysis, consultation and support**
- **On-going maintenance**
- **Pool openings and closings**
- **Year-round parts and repair service**

Pool Tech collaborates with you to deliver innovative solutions.

Your Full-Service Partner

For more than 35 years, we have teamed with architects, engineers and contractors throughout all three phases of the process: concept/design; construction; and service after the sale.

Pool Tech's team of experienced professionals work with you to bring your customer's dream of new water to stunning reality. With countless designs and water features at our disposal—varied pool options, spas, water fountains, therapy pools, saunas and supporting amenities—we deliver value-based, quality construction.

Unique Designs, Quality Restoration

Pool Tech offers a range of advanced pool systems to fit any commercial construction challenge. Our collaborative process with design professionals helps our clients decide whether to renovate their existing facility or to create a new aquatic asset.

We are an exclusive dealer for the versatile Myrtha pre-engineered modular pool systems that have enhanced benefits over traditional designs.

Featuring stainless steel panels with a permanently welded PVC membrane, Myrtha Pool systems are the only pools in the industry to be backed by an unheard of 15-year manufacturer warranty and Pool Tech's commitment to superior customer service.

When a pool nears the end of its service life, trust Pool Tech's experience and expertise to offer cost effective restoration solutions. No matter the design, we provide a number of options for transforming older pools.

Challenge Us with Your Imagination

Visions become reality with Pool Tech. As an award-winning commercial pool builder, we draw from not only our company's creative and technical expertise but on many other strategic partners throughout the country to meet any creative challenge.

Partnering with you, Pool Tech constructs our customized gunite-and-plaster and Myrtha pools from quality components. From permitting to Customer Care, we offer complete design/build construction services, done right the first time.

Pool Tech delivers superior equipment and service right down to our pool mechanical systems. We only install durable, commercial grade mechanicals so our systems provide years of trouble-free service and long-lasting value.

Trust us for high quality and energy-efficient mechanical systems, including:

- Pumps Chlorinators
- Filtration Controllers
- Heaters Ultraviolet systems

Our Goal is to provide
a quality aquatic experience
at the best possible value
while creating a lasting relationship.

"I'm big on surrounding myself with very dedicated, hard working, people and Pool Tech fits that mold. From construction, to repairs, to training, to chemicals and everything in between, Pool Tech has been there for Camp Courageous."

*Charlie Becker, Director, Camp Courageous
Monticello Iowa*

"As an architect, I enjoy working with Pool Tech because they bring a broad knowledge and experience base to the table which puts our clients at ease.

When we design a water feature, they think outside of the box so we can create something new in water sculptures, parks, or features. With Pool Tech, I don't have to settle for the cookie-cutter design."

Larry Kurtz, AHTS Architects, PLC, Waterloo, Iowa
